

Product description

Hotel RFID card access control lock manufacturer China

electronic door lock with M1 card security entry. Good quality zinc alloy material electroplating to the lock; Sensitive card T5557 or M1 card to open the door. with keys for emergency when batteries run out. Cylinder lock hidden under the cover. Issue different cards for different use. hotel RFID key card locks. T57 card or Mifare card to unlock and keyless access. With mechanical keys for backup. strong zinc alloy or stainless steel material for the lock case. Free software supplied. Can also supply the accessories such as emergency saving switch.

Cabinet lock maker china

zinc alloy material

lock size is 295x65x77mm

silver color or golden colour for lock case

1. Pcb Chip: TI chips from American Texas Instruments

2. working temperature: -20°C~50°C

3. Static power consumption: $\leq 4\mu A$

4. Dynamic power consumption: about 200mA

5. relative humidity: $\leq 95\%$

6. Antistatic ability: $\leq 15000V$ stable, can still save data even under strong electrostatic interference

7. net weight: 2.9~3.5KG

8. 1000 pieces unlocking data can be read.

9. induction distance: 3~5cm distance from the reader of lock.

10. unlocking method: contactless induction unlocking

11. Low voltage alarm: if three times alarm sound and with red light twinkles, it means lower battery voltage and need to use new batteries. The lock can be still unlocked for about 200 times after the first alarm.

12. door thickness: 30-60mm is available

13. the mutual unlocking rate for one mechanical cylinder is 6?

Material	Zinc Alloy material
Panel Sizes	282*77*67mm
Accepted Door Thickness	38-55mm
Card Type	Temic card, or M1 card
Working Voltage	DC 6V,4pcs AA alkaline batteries
Starting Time	<1 second
Sensor Distance	3~5cm
Static Power Consumption	<4 μ A
Dynamic Power Consumption	About 200 mA
Low Voltage warning	Yes
Unlocking Way	Cards, Mechanical keys
Working Temperature	-20 to 50 $^{\circ}$ C
Working Humidity	\leq 80%
Lock Weight	3.5~4kg
Warranty	One year, lifetime maintenance
