Weight 3.2/3.7kgs

SAFE & SOLID STRUCTURE; The safe combines high security with complete quick access control with its solid construction and biometric technology. Ensure advanced security for your home defense needs.

3. **Method QUICK ACCESS;** There are three methods of access to the gun safe, (biometric fingerprint access, PIN code access, key access safe). Super fast access with excellent access speed of less than 0.2 seconds, for ultra-fast opening. And the latest high-resolution biometric sensors are capable of storing up to 20 unique fingerprints in any pistol safe.
4. **WIDE RANGE;** Portable safes are designed to fit perfectly next to your bed, but also fit in a closet, office, basement, bedroom, or any other convenient location. It's compact and lightweight, making it easy to use at home or on the go. These safes are small enough to easily hide under car seats, between mattresses, or in other out-of-the-way places.

EASY TO USE; The package includes 1 x Safe, 2 x Backup Keys, 4 x Mounting Screws, 1 x Manual, 1 x Microfiber Towel (Batteries Not Included). You can use screws to secure the safe to a flat surface, such as a wall or floor. Alternatively, you can choose to place the safe vertically on the floor to keep it stable. The strong dense foam inside the safe ensures that it will not move, shake.

FAQ:

Yes

5.Can we mix up different models for a model?

Yes

6.Can we visit your factory?

Yes.

7.How long is your delivery time?

1 day to 20 days as per different models and quantity.

LONG HISTORY

For 15 years, we have been focusing on making a better lock and safe. Makwell was founded in 2004 and works as a lock and safe manufacturer in China. Till now we have become one of the leading manufacturers at this filed. We not only design pcb software but also the hardware parts .Our locks and safes are sold to more than thirty countries except the domestic agents. We have factories in Guangdong and Zhejiang.We are still growing as always.

HIGH QUALITY

We implement a series of strict quality control systems from all aspects. First of all we adopt the good quality raw materials include metal, plastic and the other components. In each procedure of production we inspect every step to ensure each step is without defectives. Before pack the items we also test each piece the functions and the surface. All these work guarantee our products are nice and work well before send to

customers.

FAST DELIVERY

Faster delivery by air by express.(DHL,UPS or Fedex)

For small quantity order and samples,usually send by express. The most important thing we just need 1 to three working days to have them ready. It is high efficient. For a formal order the leading time is three working days to twenty days. Yes sure it is depends on the quantity and the model itself.Normally we have stock for popular models and its parts. This help us to deliver customers in a short time.

SMALL ORDER ACCEPTABLE

Small order is accepted, we treat every order well.

We know different customers and markets they have different and actual models and quantity. Also we know the importance of each order for a customer,more quantity or less, even it is only one piece.

WONDERFUL TEAM

Professional sales team to offer fast response and good service

We are very professional company in this industry although not the biggest one. We have our own teams specialized in this filed. This guarantee our products designed and produced with nice appearance and good quality, also ensure our customers' questions or requests can be dealt with or solved in the shortest time.

ACCEPTABLE

Our wholesales market covers both domestic and overseas. The locks and safes are widely used in different countries besides the domestic markets. More than thirty countries people are using our models. We are keeping designing and developing new ones to meet more demands from customers throughout the world.

FIT GUIDE

FULL SIZE 1911

COMPACT

SUB-COMPACT

POCKET

Battery Requirements

Use 4 AA alkaline batteries.
New Batteries cannot be used
with old batteries.

Fingerprint Sensor

Biometric Chips: Latest 508DPI
Semiconductor Action Speed: <0.2s

Supports multiple fingerprint storage

Fingerprints can be stored
from 1 to 100

Internal illumination

No additional lighting
required

Single pistol holder

High density PU foam, holds 1
pistol and 1 spare magazine

转到“设置”以激活 Windows

Digital Passcode Unlock

Input your programmed digital password for quick unlocking.

Metal Keys Unlock

Bottom key unlocking design, hidden more secure

Fingerprint Unlock

Put your finger on the scanner to access safe easily.
