Keep valuables carefully locked away with this AmazonBasics Home Safe. Perfect for storing important documents, passports, jewelry, cash, and more, the AmazonBasics safe helps protect personal possessions while offering valuable peace of mind. A black exterior finish gives the safe a handsome look that will easily coordinate with any home or office setting.

Equipped with a programmable electronic keypad, the AmazonBasics home safe offers quick set-up and easy operation. Simply enter the passcode using the keypad, then pull on the handle to open the safe door.

Durably built from heavy-duty carbon steel, the home safe consists of an 8-gauge steel door and a 14-gauge steel body. Even more, the safe's two live-door bolts and pry-resistant concealed hinges offer superior security and reliable strength, helping to prevent intruders from getting inside the safe.

The safe includes an emergency back-up key, which makes it possible to completely bypass the electronic keypad. Use the key to directly open the safe and access stored items.

The home safe comes with pre-drilled mounting holes, which make it easy to securely mount the safe to the floor and wall. Mounting the home safe adds an extra layer of deterrence, and all necessary mounting hardware comes included.
