1 day to 20 days as per different models and quantity.

WHY CHOOSE US

LONG HISTORY

For 15 years, we have been focusing on making a better lock and safe. Makwell was founded in 2004 and works as a lock and safe manufacturer in China. Till now we have become one of the leading manufacturers at this field. We not only design pcb software but also the hardware parts. Our locks and safes are sold to more than thirty countries except the domestic agents. We have factories in

Guangdong and Zhejiang. We are still growing as always.

HIGH QUALITY

We implement a series of strict quality control systems from all aspects. First of all we adopt the good quality raw materials include metal, plastic and the other components. In each procedure of production we inspect every step to ensure each step is without defectives. Before pack the items we also test each piece the functions and the surface. All these work guarantee our products are nice and work well before send to customers.

FAST DELIVERY

Faster delivery by air by express. [DHL, UPS or Fedex]

For small quantity order and samples, usually send by express. The most important thing we just need 1 to three working days to have them ready. It is high efficient. For a formal order the leading time is three working days to twenty days. Yes sure it is depends on the quantity and the model itself. Normally we have stock for popular models and its parts. This help us to deliver customers in a short time.

SMALL ORDER ACCEPTABLE

Small order is accepted, we treat every order well.

We know different customers and markets they have different and actual models and quantity. Also we know the importance of each order for a customer, more quantity or less, even it is only one piece.

WONDERFUL TEAM

Professional sales team to offer fast response and good service

We are very professional company in this industry although not the biggest one. We have our own teams specialized in this filed. This guarantee our products designed and produced with nice appearance and good quality, also ensure our customers' questions or requests can be dealt with or solved in the shortest time.

ACCEPTABLE

Our wholesales market covers both domestic and overseas. The locks and safes are widely used in different countries besides the domestic markets. More than thirty countries people are using our models. We are keeping designing and developing new ones to meet more demands from customers throughout the world.
